CONSEJO SUPERIOR DE INVESTIGACIONES CIENTÍFICAS
INSTITUT DE CIÈNCIES DEL MAR (ICM)

Barcelona September 13 2016

To whom it may concern,

I here certify that Margarita Smolentseva has spent more than 7 weeks full time at ICM-CSIC during the period March 8 to September 9 2016 working on the numerical inversion of quasi-geostrophic potential vorticity equations under my supervision.

Jordi Isern-Torres
